Cleveland Ohio.

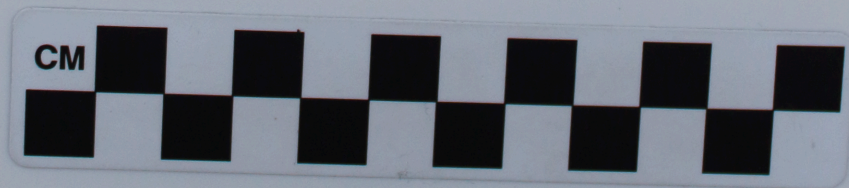

June 7<sup>th</sup>

Dear Edith,-

As I have a few moments of leisure, after our supper is over, and Charles as gone to bed. thought I would scratch off a few lines to you - for no telling when I will have the opportunity again for some time, as my work will be getting much more then it as ever been before.

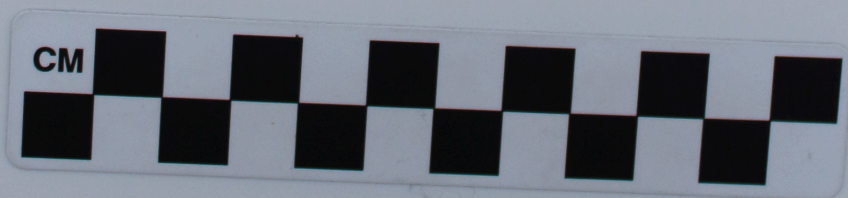

though I won't mind that if every thing goes well & the Lord spares me, whom I put my trust in.

No doubt you have heard of what is going to happen, through Jennie as I told her of it several months ago. Dear Edith I hope you will not have any little tots for two or three years. so that you can enjoy your-

2  
self. as I don't think you are deeply fond  
of children. But if you want one or two  
or a half doz or so. you had better begin  
soon as, you are not sweet sixteen any-  
more. We all felt very sorry for poor  
Wilbur Brown, but thought at the time  
we heard of his going away it was  
useless as he as been failing for sev-  
eral years. poor Erata is certainly  
left with her hands full, but suppose  
her folks will help her. Dear Edith you  
mentioned on your letter of Archie  
having so much spare time, that is  
not so, since we have built our new  
Home he as kept himself very busy at  
the Engine House & also on his day's  
off making window screens & Storm  
porches for the front & back doors, and  
seeding our yard tinkering here & there  
he keeps himself busy. I wished you  
could see our home we like it so  
much. every thing is so convenient

Suppose Archie ~~has~~ written you about  
 the plans of the house, it is far more  
 satisfactory than paying rent, and  
 hope some day it will be all our  
 own, we could sell it most any  
 time and make more than it cost  
 us. Fear Edith you asked on your  
 letter if we were still living together  
 we certainly are and get along very  
 nicely. Mother's health is very much  
 improved, she is now taking up  
 Christian Science. We have been  
 doing all of our house work includ-  
 ing washing & ironing. don't know  
 how Ma will get along now, as I  
 am not feeling at all well and expect  
 be in bed soon. but hope it will not  
 last long. Archie goes on his vocation  
 the 15<sup>th</sup> of June & is very undecided  
 what he will do, I want him to go  
 to the Country for a few days and take

4  
the Boy along with him, as I think  
it would be the best thing for Archie.  
Wished you could see our Boy, he is  
so big & healthy & saucy, he spends most  
of his time out doors. we had his curls  
cut off about three weeks ago, I ~~felt~~  
like crying when he came home  
from the hair dresser, the first word  
he said when he stepped on the porch  
pulled off his cap. now I am a big  
man just like my pa. he had six  
lovely light curls. Many does not like  
him without his curls. he as lost  
that Baby look. Emily as just com-  
pleted her second term at High  
school to day. Fear Edith must  
stop my scribbling, as my side  
bothers me a great deal, & my pen  
is miserable & the writer is on the  
burn. So good by hoping to hear from  
you soon & that your health is much  
better. please excuse all mistakes

this is my last letter for some time  
We all join in sending our Love &  
best wishes to you. Would love to  
have a picture of yourself & Hubby  
Your Loving Sister  
Sarah Hartzell

Please write soon, as I would  
like to hear from you before I am  
sick. I wrote Aunt Mary a letter  
some time ago. but received  
no answer. wonder if she got  
it or the old man.
